Easy to mount

If you want to attach your laptop to a monitor arm, using the R-Go Morelia Notebook Holder is a very suitable way of doing this. You mount the platform simply at the VESA of your monitor arm using only 4 screws. Then place your laptop on the platform and secure it with the included brackets.

- **Prevents damage**

The R-Go Morelia Notebook Holder has a soft strip to protect your laptop from damage during mounting.

- **Compatible with all monitor arms**

The R-Go Morelia Notebook Holder is universal, in order to be able to place it on every possible monitor arm.
