R-Go Zepher 4 C2 Dual Monitor arm

WE CARE FOR OUR ENVIRONMENT

We believe we have a responsibility to be good stewards of the earth we live on. This implies that we take in great consideration how our products are made and what materials are used.

The R-Go Zepher 4 C2 Dual is designed according to the principles of circularity, it can easily be repaired, re-used and recycled. Designed to last long!

ONE ERGONOMIC MODULAR MONITOR ARM

- Maximum modularity
- Minimum weight
- Premium materials, finish, quality
- Modules can be easily replaced to repair, added to expand or to be upgraded
- Ultimate configurability

LOW CARBON FOOTPRINT

The production of one monitor arm uses only 13.3 kg CO₂, which equals just 72.9 km driving your car!
