

R-Go Compact Break Keyboard

QWERTY (US), black, wireless

Reference: RGOCOUSWLBL

EAN number: 8719274491552

- With break indicator
- Compact model
- Flat design
- Light keystroke for minimal muscle tension
- Easy to take with you

This compact keyboard has all the ergonomic features for healthy typing. The compact design ensures that your hands remain within shoulder width when using the keyboard and mouse simultaneously. The light keystroke reduces muscle tension during typing. The keyboard is ultra thin, so your hands and wrists are in a relaxed, natural position while typing. This ensures better blood circulation in your hands.

The R-Go Compact Break keyboard can be connected to 3 bluetooth devices simultaneously! So you can easily switch between your computer, tablet and mobile phone.

The R-Go Compact Break keyboard wireless indicates with LED colour signals when it is time to take a break. During typing, the light changes colour, like a traffic light. If the light turns green, it means you are working healthily. Orange indicates that it is time to take a break and red that you have been working too long. Taking short breaks during your working day will increase your concentration, prevent overwork complaints and keep you fit during your working day. For more information visit our [R-Go Break page](#).

This product works together with the R-Go Break Software that won the Benelux Office Products Award 2021.
