Reading and writing slope

The R-Go Flex Read is an ergonomic adjustable document holder, that you can also use as a writing surface. This document holder is adjustable in 6 positions, so you will automatically sit in an upright position while working. Simply set your ideal working height and angle with your left or right hand. At the front of the top there is a soft foam wrist support. This enables you to write comfortably without adding pressure on the wrists. The R-Go Flex Read is made in the Netherlands and has a unique design thanks to the black steel frame and transparent acrylate top.
