Reference: RGOVLCA4EASI

EAN number: 8719274491033

-
- Certified 100% circular
 - Modular design
 - Fully adjustable with gas spring
 - With patented SMART functions
 - Dutch design
 - Integrated cable management
-

With the R-Go Caparo monitor arm you can easily and quickly adjust your monitor(s) to eye level. The integrated gas spring makes it easy to adjust your screen in height and depth with one hand. In addition, you can tilt and rotate the screen as desired. This makes the Caparo monitor arm ideal for flexible workplaces. Thanks to its modular character, you can easily extend the Caparo with a document holder, laptop holder, Smartbar or an extra arm.

The Caparo monitor arm can be installed from above the work surface. This allows you to work in an upright position even during installation! In addition, you do need no tools for installation.

The R-Go Caparo monitor arms are CO2 neutral designed. The CO2 emissions that are released in the production of a monitor arm are compensated by planting trees. The Caparo monitor arm is designed in the Netherlands and uses patented SMART functions, such as a rotation stop for every moving part. This SMART STOP prevents the monitor arm from colliding with an (acoustic) wall.

- Certified 100% circular
- Modular design
- Fully adjustable with gas spring

- With patented SMART functions
- Integrated cable management
- Installation from above
- Easy to install by 1 person
- Dutch design

Adjustability

Type of spring:	Gas spring
In depth adjustable:	Yes
In height adjustable:	Yes
Tilt:	40°
Rotation:	360°
Swivel:	180°

General

Weight (gram):	1853
Product material:	Aluminium
Colour:	Matte silver
Serie:	Caparo 4
Warranty period (in years):	5

Logistical information

Package dimensions (LxWxH in mm):	135 x 95 x 386
Gross weight (in grams):	2060
Carton Size (mm):	400 x 300 x 500
Carton weight (grams):	17224
Quantity in carton:	12
HS code (tariff):	7616999099
Country of origin:	China
